il Giardino di Ngali 2

Background

- In 2023, a new project titled "Il Giardino di Ngali 2 - NGA2" was launched in Freetown, Sierra Leone, funded by CAI. The project aimed to raise awareness, advocate for change, and provide support to children, particularly those with disabilities, on issues such as school-based violence, child trafficking, sexual reproductive health, and disability inclusion. A key component of the project was the establishment of school-based clubs to engage students on these critical issues.
